2014.11.26 16:25:04	741518848	Hi... I am a parent of a child you have a picture of one your page... I just heard the while story of what happened. Nothing against you but will you please remove it for the sake of mine and my sons privacy.
2014.11.26 16:33:18	741518848	It may be funny to you but if you ever have kids then you will understand...
2014.11.29 00:10:44	Skylar Ittner	First, I don't know which picture you are referring to. Second, <b>you have pictures of your kids on your own page, also visible to the public (and with better quality than mine).</b>
2014.11.29 00:13:32	741518848	The one that is captioned. Well yeah my kids my profile. You are someone who I do not know and has pictures of my kid. I understand you were upset with the situation and trying to get back at the school.... But he is not the schools kid he is mine. Please delete the picture.
2014.11.29 00:20:14	Skylar Ittner	If you look closely, you will see <b>he is blurry enough to be unrecognizable</b> except to people who know him. I actually extracted him from the background of another image.
2014.11.29 00:22:47	741518848	Either way it's my kid. Idk why it's a big deal for you not to delete it. Remake it with a pic of your friends kid or a family member. It's unsettling for me and I would like it deleted. Do you have kids?? If you did it do then you would know how uncomfortable it is... So again please delete it
2014.11.29 00:23:04	Skylar Ittner	<b>Comparing my blurry photo and the ones on your page, I can't even tell they're the same person.</b>
2014.11.29 00:23:35	741518848	It is the matter of the fact that it is my child!!
2014.11.29 00:23:42	Skylar Ittner	So?
2014.11.29 00:24:16	741518848	So ?? are you that fucking ignorant... Just please delete the pictures of my child
2014.11.29 00:24:45	Skylar Ittner	I have every right to have these pictures.
2014.11.29 00:25:54	741518848	Ok.. For your school project right?! That's fine but to put it on fb. That's different. Where's my right? I should have to give you permission. He is a Minor

2014.11.29 00:28:43	741518848	It's my kid. All I'm asking is to delete the pics of my kid. How old are you?
2014.11.29 00:29:01	Skylar Ittner	18

2014.11.29 00:33:14 741518848 Ok. How about you all your mother got she would feel if that happened to her. Idk how else to try to prove my point to you. as a parent I see it differently then you who doesn't have kids...

2014.11.29 00:34:17 Skylar Ittner My mother agrees with me on this, actually. You've argued your point, I've considered it, and decided to keep the picture up.

2014.11.29 00:34:28 Skylar Ittner I'm going to bed.

2014.11.29 00:34:39 741518848 Nothing against your photography but come on. I'm asking you a small thing for you. A big thing for me... Small thing for you.

2014.11.29 00:36:26 Skylar Ittner OK, what the heck is a pervert going to do with the picture anyways? As I said, **there are much better quality pictures of your kids already online, and you're not complaining about those.**

2014.11.29 00:37:11 Skylar Ittner If you're in public, you have no reasonable expectation of privacy. That's the difference between what is public and what is private. It's the reason that all those security cameras that are on every city street are allowed to photograph us, because when we're out in public we have no reasonable expectation of privacy. -- New York Times interview

2014.11.29 00:37:46 Skylar Ittner You gave implied consent when you let your kid be in public with Head Start.

2014.11.29 00:37:58 741518848 It's about respect. It's my kid that you a stranger took a picture of. It is unsettling.

2014.11.29 00:38:27 Skylar Ittner So are terrorist threats, but this picture isn't going to blow up.

2014.11.29 00:39:31 Skylar Ittner **I'm curious, how did you even find me on FB? Did they give out my name?**

2014.11.29 00:39:53 741518848 **Yes they gave me your name.**

2014.11.29 00:40:15 Skylar Ittner I almost have enough against them to sue.

2014.11.29 00:40:58 741518848 I'm involved to. You have pictures of my son. I have every right to know that

2014.11.29 00:41:38 Skylar Ittner If you have every right to have my contact information, I have every right to have a grainy photo of your son.

2014.11.29 00:43:27 741518848 If you didn't post pics of my son in the first place they wouldn't have had a concerned mother asking questions

2014.11.29 00:45:02 741518848 Why did you caption the photo like that??? I think it's a fucked up caption for the situation...

2014.11.29 00:46:18 Skylar Ittner **I was making a point about how they overreacted to my camera, implying that they would care more about "some creep" than an actual threat.**

2014.11.29 00:48:32 Skylar Ittner Listen, I'm very tired. I've had a long day. If you want to keep protesting, it will have to wait until tomorrow.

2014.11.29 00:49:00 741518848 Ok... But why my kid? So you don't know my situation but I really don't want pics of my kid blasted out. You posted the exact area of where they were located. I'm going to keep protesting

2014.11.29 00:49:46 Skylar Ittner You're not going to change my mind. Even less so now you've tried so hard.

2014.11.29 00:50:06 Skylar Ittner Also, I think everybody in Helena knows where that park is.

2014.11.29 00:50:19 Skylar Ittner Goodnight.
